Rochester Seniors Meet Morrie

From The Desk of Edward J. Haggerty Sr.

Perhaps you have just started to save for your retirement. Or, you may already be enjoying your retirement. But your first concern is protecting your retirement assets, giving them room for growth and, finally, using them wisely.

Americans are living longer than ever before. Many are spending 20, 30 and even 40 years in retirement. In 1933 when Social Security came into being, life expectancy was 63 years. In the 1980's life expectancy had increased to 78 years. For some the years spent in retirement could very well be longer than the years spent working.

Today more than ever before, retirees must overcome some very unique obstacles on their path through retirement. Obstacles such as longevity, inflation, market volatility and maintaining today's lifestyle tomorrow, to name a few.

Developing a strategy that will provide a lifetime of income and managing risk is crucial to provide peace of mind.

Meeting Morrie

Rochester COA Hosts *Tuesdays With Morrie*

By Robert Chiarito

At one time or another we have all uttered something to the effect of *I'll call you* or *I'll drop by next time I'm in town* only to see years pass by without following up on the promise. As we grow from youth to adulthood, then adulthood into our senior years, people pass in and out of our lives with dizzying regularity. We honestly mean to stay in touch with one another, but life is so hectic that time never seems to find a way to leave us the luxury of that well-intentioned phone call, e-mail or letter.

On Saturday afternoon, April 12, the Rochester Senior Center played host to a play that tackled the theme of learning that sometimes life is better lived when we take the time to reward ourselves with company of others as they welcomed the Harwich Winter Theater's Production of *Tuesdays with Morrie*. The story chronicles the relationship shared by author Mitch Albom and his professor and mentor, Morrie Schwartz. The play, adapted from Albom's book of the same name, is a powerful two-man performance about the lessons Albom gleaned from Schwartz in his days as a student at Brandeis College and later in their lives when the younger man finds his mentor facing death at the hands of Amyotrophic Lateral Sclerosis or ALS, otherwise known as Lou Gehrig's Disease.

The Harwich troupe accepted an invitation form Rochester Council on Aging (COA) Director Sharon Lally who saw them perform the piece at a conference for COA directors last October in Sturbridge. Ms. Lally told the audience before the play began that, "I saw this at our state conference last year and my colleagues and I were very moved by the performance. We were so moved that I am going to get several boxes of tissues because you will probably need them like we did."

The group is made up of men who are traditional jazz and Dixieland music enthusiasts, many of whom are also members of the long-established Stone Street Strummers Banjo Band. Bill Kiesewetter of Marion plays keyboard with the group. Tickets for the event are $8 for Marion Art Center members and $10 general admission and reservations can be made by calling 508-748-1266. The tissues were indeed needed as actors Todd Yates Gosselin, playing the part of Albom, and John McFadden, in the part of Morrie, brought many in the audience to tears with their touching performances. In his role as Morrie, John McFadden gave a beautifully memorable performance that showed a man who was full of life as he faced his death while Gosselin's portrayal of Mr. Albom was fused with a balanced palette of emotion, humor and fraility.

The play recounts the friendship that began between a student and one of his favorite instructors sixteen years after the former had graduated and gone onto a successful writing career. Stunted in his attempts at becoming a successful musician, Albom is also stunted emotionally following the death of a favorite uncle.

Fearing that he will suffer a similar, early fate, the young man becomes a success-driven writer, always striving for more recognition, more money and more fame while not letting things such as a personal life get in his way. After seeing a piece about his former professor's battle with ALS on television, the young man begins to visit his former teacher and begins to learn many of the lessons that are not taught within the hallowed halls of academia.

It is through the subsequent visits that the older man teaches the younger man: "So many people walk around with a meaningless life. They seem half asleep, even when they are busy doing things they think are im-

After the show the audience was invited to a reception that included a talk on aging with Suzanne Mitchell of Saint Anne's Health Care.

man Richard D. Nunes handily retained his three-year seat on the board, defeating his closest competitor — write-in candidate and former Selectman Gary Laboa — by a nearly two-to-one margin. Mr. Nunes garnered 642 votes to Mr. Laboa's 385 write-in votes in the April 9 Annual Town Election. Thomas Skrutski, whose name still appeared on the ballot even though he officially withdrew to support Mr. Laboa, received 47 votes.

"I'm happy with the results," Mr. Nunes said at the polls, surrounded by his family. He agreed that Mr. Laboa's late entry into the race and Mr. Skrutski's subsequent last-minute withdrawal may have confused many voters, but he was quick to credit his win with all the door-to-door campaigning he did right up until Election Day.

"It's over, now I have to go pick up my signs," Mr. Nunes said as he left the polls.

"It was a big margin," Mr. Laboa admitted outside the polls after learning the results. "It's tough to win a write-in campaign ... but I'm pleased with the number of votes we did receive."

Mr. Laboa said he'll be considering options for another run next year.

It seems the contested and write-in races inspired many Rochester voters to head to the polls on Wednesday, April 9. A total of 1,106 ballots were cast of the 3,377 registered voters in town — or about 30 percent.

In the other closely-watched write-in race,

newcomer Tim Scholz narrowly defeated fellow write-in candidate Michelle Cusolito for one of two open seats on the Rochester Memorial School Committee. Mr. Scholz received 274 write-in votes while Ms. Cusolito garnered 263. Mr. Scholz will join Donna Laliberte, who received 614 votes, on the local School Committee.

"I've been doing this for 24 years and I've never seen write-in (campaigns) like this," Town Clerk Naida Parker said after announcing the results. "This is certainly a first and it's unprecedented. But everyone did a good job in getting people out to vote. There are no losers here."

Former Selectman Antonio A. Sol and newcomer Russell Litchfield were both handily beaten by first-time candidate Glenn Lawrence for an open two-year seat on the Board of Health. Mr. Lawrence received 760 votes to Mr. Litchfield's 143 and Mr. Sol's 123.

"I was trounced ... he beat me three-to-one," Mr. Sol said of Mr. Lawrence after learning the results. "I tried to tell the truth, but I guess people didn't want to hear the truth."

Phoebe Butler and Bunny Mogilnicki will both fill two three-year seats on the Library Board of Trustees, garnering 486 and 456 votes respectively. The duo beat out Donna Laliberte (332 votes) and Linda Medeiros (374 votes) for the two open positions.

Other unofficial results for Rochester's Annual Town Election include:

- Thomas Gayoski Jr. received 959 votes for Tax Collector;
- Naida Parker received 910 votes for Town Clerk;
- John Mello received 882 votes for the Board of Assessors;
- William D. Watling Jr. received 949 votes for Herring Inspector;
- David Sylvia received 891 votes for Park Commission;

cated members of her Communications Department staff, Rochester Chief Dispatcher Tracy Eldridge once again held her Third Annual Dispatcher Appreciation Night on Monday, April 14 at the Rochester Police Station. Coinciding with "National Telecommunicator Week," the event featured dinner, a magic show, and awards and well-deserved accolades for the town's civilian dispatchers.

"It is my opportunity to thank the dispatchers of the Rochester Communications Center for selflessly answering the call of duty everyday and for being the first link in the public safety chain of survival," Ms. Eldridge said by way of introduction. "I have worked in other dispatch centers and through my involvement with many dispatch organizations, I have come to learn that the dispatchers of the Rochester Communications Center are amazing. This department truly works together when the squid hits the sand!"

Citing some key examples of their superior work over the past year, Ms. Eldridge noted how Dispatcher Jon Weedall was paramount in the apprehension of a suspect who committed an armed robbery in Fairhaven in June of 2007. That same month, Ms. Eldridge was honored to be the recipient of the 2007 Jeff Grossman Public Safety Telecommunicator of the Year Award which allowed her to go to the National Telecommunicator Conference in Baltimore, MD with all expenses paid. "This was truly an honor and a learning experience that I will never forget," she said.

In September 2007 Dispatchers Patricia Knight and Debra Morrell were commended by the Massachusetts State Police Parole Board for assisting parole officers in apprehending a suspect wanted for violating his parole and beating up his girlfriend.

More recently, in February 2008, Dispatcher Samantha Gomes was instrumental in intercepting a 911 call from a Rochester resident who encountered one of three suspects at large in the tri-town area after committing a robbery in Fairhaven and stealing a motor vehicle. "(Ms.) Gomes took a 911 call from a resident who asked in a quiet voice, 'are you looking for someone?'" Ms. Eldridge said. "While Dispatcher Gomes could have easily dismissed his question as a non-emergency call, she did not. Dispatcher Gomes' quick thinking led to the apprehension of one of the males that had been breaking into houses for 24 hours looking for shelter, food and clothes."

Ms. Eldridge also presented the "Outstanding Call of the Year" Award to Dispatcher Tracie Lord, both for her superb work in handling the brunt of the calls coming into the Communications Center during the raging SEMASS fire in March 2007 and for not getting her due credit in the press after the fact.

"Several articles that appeared in the papers over the last year gave credit to me as being the dispatcher that was on duty while the SEMASS fire played out," Ms. Eldridge corrected, noting she was actually with the Fire Department on the scene. "Every article that surfaced, Tracie knows I would call her and say I'm sorry. I don't know how this happened. Maybe it's because we have the same name."

Ms. Eldridge noted that Ms. Lord performed flawlessly during this high stress situation and "fielded hundreds of calls that night" from "over 40 state and local agencies responding to mutual aid."

Sippican School Showcases the Arts

By Robert Chiarito

In what is quickly becoming one of the most anticipated events each spring, Sippican School held its third annual Arts in Action art fair on Saturday, April 12. The event drew several hundred people to the school building on Spring Street in Marion to a celebration of the visual and performing arts. This year's gathering, in addition to displays and workshops, centered on the visual arts included musical performances and theater workshops for young people.

The entrance of the school was a hub of activity spreading out in every direction that engaged visitors from the moment they walked in until the end of the day. Just inside the main entry area visitors were welcomed by a colorful display of student work included a variety of paper mache bowls as well as paper mache fish and penguin sculptures. One visitor, Gail Strom whose daughter Hannah attends the school, said, "I thought that this would be a quick in and out thing and that maybe we'd be here a half an hour or so but there has been so much to do we've been here since they opened and will be here for another hour or so."

Over 20 booths lined the corridors of Sippican School offering both art for sale and demonstrations of the techniques used in creating works of arts with many of the booths including many displays designed for children to participate in the creative process. Children participated in a variety of hands-on interactive art projects, which included Pysansky egg painting, a mural project and a booth where students could try their hand at floral arrangement. At regular intervals members of the Priscilla Beach Theater held on-stage workshops that let kids step into the spotlight for a moment and run through a series of acting exercises in front of a live audience.

Adding to the street festival atmosphere of the day were the musical performances that saw musicians

stationed at various points throughout the school treating visitor's ears as they viewed the many artistic creations. The Sippican School Jazz Band and other bands performed during a café style luncheon of chilidogs and desserts in the school's cafeteria as the smell of hot dogs roasting on the grill drifted in from just outdoors. Diners were serenaded throughout the day by musical ensembles consisting of students, staff and volunteer groups.

On display in the school's art room were works of art by the school's faculty, including paintings by Sippican student Kristy Boyajian. Ms. Boyajian's work was especially impressive upon discovering that the artist is 11 years old. Her work showed the quality of an artist many years older and is reminiscent of the work done by folk artist Howard Finster, whose work included album covers for the Talking Heads and R.E.M. during the 1980s."I have been painting since I was seven," the artist said, adding, "I just really like to paint, I don't do it all of the time. Just when I get an idea." She said that she mostly has worked on her own but also enjoyed taking classes alongside her grandmother.

Each year the Sippican School Arts in Action event has grown in scope and scale. In a time when many communities and schools are cutting funding for arts programs, this school chose to throw open its doors and invite the public to join them in embracing the arts. If the large turnout is any indication, this event should have many happy returns in the years to come.

year. There are three major charity-based walk-a-thons including the previously-mentioned "Walk for Hunger" taking place at the school within the next two months.

The ORR Student Council is taking part in the Seventh Annual "Keep Moving for Camp Kyle" Walk-a-thon, which will be held on Saturday, May 10 at Buttonwood Park in New Bedford. Camp Kyle is a four-week day camp program located in Rehoboth, MA, which provides education on diabetes and nutrition. It also offers traditional camper activities incorporating sports games, along with arts and crafts. Campers will meet others just like them, battling the same challenges, and hopefully make friendships that will last them a lifetime.

"Keep Moving for Camp Kyle" serves to be the main fundraiser held by the Friends of Camp Kyle to earn money for the costs of providing a safe, fun environment for those children in the area affected by diabetes.

The Old Rochester Student Council is hoping to meet their goal of $1,000 and would be more than grateful to any individual willing to make a donation or maybe even join their team. People can also help out by

Kim Corazzini, the nurse at ORR High School, is also planning to take part in a Walk-a-thon for a cause that holds a dear spot in her heart. Only four months after her now 27-year-old daughter Reilly was born, Kim's mother Betty Caudieux died from breast cancer. For anyone who has been lucky enough to share a relationship with a grandparent, you would know how terribly unfortunate bring robbed of that privilege would be. In addition to this tragedy, Kim's sister-in-law, Joanne Wall, has been recently diagnosed with the same disease. Although Joanne is a strong woman, it is still important that she gets the love and support from those who surround her.

On May 17 and 18, Kim and Reilly will be walking in the two-day, thirty-nine-mile Avon Walk for Breast Cancer in Boston. They would be so deeply appreciate anyone who decides to join them on their journey. Contributions can be mailed through a check or donated online. The tax deductible donation can be made out to the Avon Walk for Breast Cancer and mailed to Kim Corazzini at 12 Knollwood Drive in Mattapoisett, MA 02739. Both Kim and Reilly also have websites that they encourage visitors to view at anytime to see how their fundraising and train-

The last fundraiser that the Old Rochester Regional High School is promoting at this time is the American Cancer Society's Relay for Life of Tri-Town. This Walk-a-thon is an 18-hour event which will begin on Friday, June 13 at 6:00 pm and end at 11:00 am on Saturday, June 14. Any student interested in creating a team, which should be made up of 8 to 15 people, should place a note into Ms. Ouimet's mailbox inside of the front office. They will then receive a Relay for Life Team Captain's Handbook that includes all the possible information they may need. Although the fundraiser is not until June, teams should be created soon so that T-shirts can be made for them.

Animal Advice

Jay Gould, DVM

Indoor Cats Need Shots

I have a 4 year old cat that stays indoors. Do I really need to get her shots?

In a word, YES. It is really important for your cat to stay current on her rabies shots at the very least. Stuff happens. She could escape outdoors and get attacked or a rabid raccoom or skunk could get into the house. It may sound far fetched but we have to deal with this scenerio a few times a year where an unvaccinated animal gets bitten by an unknown assailant.

Taking your pet to the vet for an annual examination is also a really important. If a pet year is like 7 people years it would be like you seeing your physician every 7 years. It is especially important if your cat is getting on in years.

After denying a series of requested water/sewer bill abatements, the board also unanimously voted to appoint Christina Bascom to the Marion Parks Committee and approved a recommendation from Town Accountant Judith Mooney to adopt the new standard IRS mileage reimbursement rate of 50.5 cents per mile for the 2008 calendar year.

Under the Town Administrator's report, Mr. Dawson first noted a request from Planning Board Chairman Joseph Napoli to hold a Special Town Meeting within the upcoming May 19 Annual Town Meeting. The purpose of this Special Town Meeting would be to consider two additional amendments to establish a Neighborhood Overlay District (NOD). Public Hearings on these proposed amendments are scheduled to open on Monday, May 5 at 7:30 pm.

"It's been our practice to not consider any money articles after 10:00 pm," Mr. Dawson said. "But it might behoove us to open the Special Town Meeting (first) and then get through those articles."

"The urgency is just to establish this Overlay District as outlined in the map," Mr. Napoli said. "It encompasses from The Wave Restaurant down Spring Street over to the Getty Gas Station and extends over to the L'Auberge property."

"This comes out of the 1996 Growth Management Report which was about creating NODs," said Planning

Board member Tom Magauran. "What it effectively does is it gives us the flexibility ... to create Residence E properties, which would allow a greater density and mixed use (within the area). Could it wait until the fall? Yes, it could. But we prefer not to miss this opportunity."

"I'd like to see this done at the beginning of the first night of Town Meeting," Chairman Blanchette said. "I think that's when we'll have the greatest number of people present ... if we wait until the end, we're likely not to have a quorum."

"The warrant for the Annual Town Meeting is closed and has been posted," Mr. Dawson said. "There's no problem preparing a Special Town Meeting warrant, but the window of opportunity is getting smaller. It can be done, but I do want to point out that the Town Moderator recommended against doing the Special Town Meeting immediately after opening the Annual Town Meeting. He recommended we hold the Special Town Meeting (at the end)."

"On the one hand I really applaud what I see as a pro-business move being proposed here," Selectman Henry said. "But I'd prefer we convene a Special Town Meeting for this purpose on Tuesday, May 20."

With that, the board unanimously voted to approve holding the Special Town Meeting as such.

Mr. Dawson next noted that having recently changed the locks at the Marion Town House, he has been inundated with requests for keys to access the building.

"It makes sense to issue keys to the chairmen of various committees and also have a key available at the Marion Police Station which other boards and committees (that don't meet on a regular basis) can sign out as needed," he said. "It's been the practice in the past that every member of every committee gets a key."

"As far as I know, only the chairman of the committee has been given a key," Chairman Blanchette said. "I think that makes the best sense."

"While I respect what you say, I don't think that's been the case," Mr. Dawson said. "Clearly people other than the chairmen have had keys ... and I think it makes sense to limit the number of keys out there."

Mr. Dawson next noted that they've received a

final report from Camp, Dresser and McKee (CDM) on the town's wastewater treatment plant capacity. "The report is extemely technical which goes into considerable detail on plant capacity and infiltration and inflow," Mr. Dawson said. "The bottom line is it does gives us a capacity number for the plant, but the caveat is we'll need to address other things."

As such, Mr. Dawson suggested scheduling a meeting with representatives from CDM to fully explain the details within the report. The meeting will likely be held on either Tuesday, April 22 or Tuesday, April 29.

"I agree ... (but) I think there are potential problems in getting us to achieve those numbers," Chairman Blanchette said. "The report would suggest that there is capacity for additional (sewer) hookups, but those numbers aren't quite true."

Mr. Dawson said copies of the final report will be available to review at his office.

"Just a word of caution to those who might read it: they need to fully understand it," Mr. Dawson said. "It talks at great length about our needs to increase the limits of our discharge permit. It is a very technical document, but it is also a public record."

In other matters, the board:

• Accepted a letter of resignation from Peter Perkins who is stepping down as longtime Plumbing and Gas Inspector with the town, with regret. "He was authoratative, fair and he is a great guy," noted Selectman

The following hazardous items will be accepted: pesticides, household chemicals, oil-based paint, antifreeze, motor oil, spent gasoline, lead-acid batteries, and products containing mercury along with empty propane tanks.

• Received notification from Governor Deval Patrick's office advising that Marion's Chapter 90 funding for Fiscal Year 2009 will likely be $133,101. "It's a little bit lower than last year," Mr. Dawson noted.

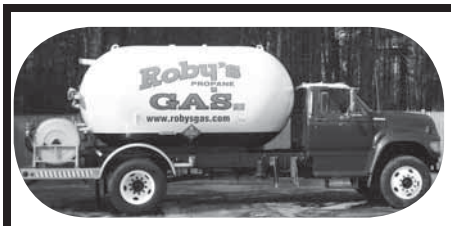

There being no further matters to come before the board, they unanimously voted to adjourn for the evening

Rochester Selectmen's Meeting

April 14, 2008

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, April 14 at 6:30 pm by Chairman Brad Morse. Also present were Selectman Richard Nunes, Selectman Dan A. McGaffey, Town Administrator Richard LaCamera, and Administrative Assistant Veronica Lafreniere.

The board first met in Executive Session to discuss personnel matters. Upon returning to Open Session at 7:23 pm, the board unanimously voted to reorganize in the aftermath of the recent Annual Town Election as follows: Chairman Richard Nunes; Vice Chairman Dan McGaffey; and Clerk Brad Morse.

With Chairman Nunes now presiding over the meeting, Town Moderator Greenwood "Woody" Hartley called to order a meeting of the nominating committee for the Old Colony Regional Vocational Technical High School Committee, noting they didn't have any Rochester candidates to fill the vacancy. As such, they voted to table the meeting until such time that a viable candidate came forward. Those interested in serving in this capacity should submit their name for consideration to the Board of Selectmen, c/o Rochester Town Hall, 1 Constitution Way, Rochester, MA 02770.

At 7:27 pm the board met with Conservation Agent Laurell J. Farinon for an annual review of Rochester's Stormwater Management Program. "We set forward a series of best management practices ... and filed a Stormwater Plan (for the town)," Ms. Farinon said. "One of the best management practices was to have an annual meeting held by the Board of Selectmen in which the public is invited to make comment ... or any statements regarding Rochester's Stormwater Management Plan. At this time, we are asking if there's anybody who would like to make a comment."

There being no comments, Ms. Farinon thanked the board for their time.

At 7:30 pm the board met with Town Planner

Randall Kunz to discuss placement of a zoning by-law amendment article on the Annual Town Meeting warrant. "There is some concern in areas of town that do not have water," Mr. Kunz said. "In those cases, we are asking that ... the guidelines for the state's Department of Environmental Protection (DEP) be followed. The DEP made a determination about two to three years ago in anticipation of the project at the end of Snipatuit Road."

According to Mr. Kunz, the Planning Board-sponsored article would propose that if a project is not on public water already, they will be required to install a public water supply as dictated by the Massachusetts DEP. "The CMR requires that the land mass involved in the project contain all of the areas for the subject wells," Mr. Kunz said.

On a related matter, Planning Board Chairman Arnold Johnson updated the board on the status of a large parcel of land located off Route 105 near the Marion town line which was formerly an airport.

"There's been some talk about possibly preserving that site for the town," Mr. Johnson said. "I mentioned to you that a gentleman called me and he's big into soccer leagues and he approached me about a year ago looking to either purchase or lease 10 to 20 acres of land for soccer fields (in Rochester). This property, which is under Chapter 61A and the town would have the right of first refusal on it, is bigger than 20 acres but there might be a way to fund a partial bond payment on it."

"One of the issues coming up is that Plumb Corner may eventually be developed and the (Rochester) Country Fair has its site over there," Chairman Nunes said. "If that is developed, where would we have the Country Fair? We do have some property on Pine Street, but there's a possibility that might be taken up, too. We have this prime piece of property off Route 105 — I think

there's 60 acres, about 30 of which in the back which is wet. I think it's something the town should be looking at prior to a formal sale. I just think we need to be working towards that."

"That's consistent with our discussion at the joint Planning Meeting," Selectman McGaffey said. "That's a clear example of (a piece of property) which could be of value and interest to the town."

"Both (Mr. Kunz) and (Ms. Farinon) have had some discussion with the owners and they're not sure what they're going to do ... it's still in probate," Mr. LaCamera said.

The board next approved the minutes of the March 24 meeting, then signed and approved $231,887 in Chapter 90 funding from the Massachusetts Highway Department. They also approved the appointment of Fred Underhill to the Assawompset Pond Committee; renewed the Automatic Amusement Device License for Outdoor World; appointed Susan Petersen and Randall Kunz as the town's representatives to the Southeast Regional Planning and Economic Development District (SRPEDD);

and also appointed Jeff Eldridge and Randall Kunz as the town's representatives to the Joint Transportation Planning Group (JTPG).

Chairman Nunes also noted receipt of a $305,385 payment from SEMASS in lieu of taxes for the month of March, which Mr. LaCamera noted is an all-time record — the facility having collected in excess of 100,000 tons for the month.

Under the Town Administrator's report, Mr. LaCamera first noted there will be two meetings scheduled with representatives from SRPEDD to look at updating the town's maps for future planning purposes. This service will be provided by SRPEDD as part of their hours given to the town.

Mr. LaCamera next provided an update on the Massachusetts School Building Authority's (MSBA) progress on the proposed expansion and renovation to Rochester's Memorial School. "We'll be expecting a feasibility study next summer ... and we're headed in the right direction," Mr. LaCamera said.

Mr. LaCamera also presented a draft copy of the Annual Town Meeting warrant to the board for their consideration. Chairman Nunes asked about an article requesting the Tree Warden position be changed from an elected to an appointed position. "The Highway Surveyor has been our Tree Warden for the past nine years," Mr. LaCamera said. "It will be up to the residents to make it an appointed position ... or keep it elected."

With that, the board unanimously voted to sign and post the warrant.

Lastly, Mr. LaCamera noted there will be a Health Fair at the Rochester Town Hall on May 2 to give town employees an opportunity to review and discuss their health benefits. "One of the things we talked about was long-term and short-term disability," Mr. LaCamera said. "Town employees have decided they want to provide a short-term disability plan at their (own) cost."

The board also agreed to send a letter of congratulations to Ben Bergeron for recently attaining the rank of Eagle Scout. "There have been 11 Eagle Scouts from the Rochester Troop," Selectman McGaffey noted.

They also wished to acknowledge the recent 100th birthday of longtime Rochester resident Kathryn Elizabeth Phillips — the grandmother of Selectman Brad Morse — who celebrated this milestone the previous weekend. "On behalf of my grandmother, thank you," Selectman Morse said.

In other matters, the board:

• Noted the following dates for upcoming Selectmen's meetings: April 28, May 5, May 19, June 2, June 9, and June 23.

• Advised there will be a week-long Annual Town Cleanup from April 28 through May 5.

Letters to the Editor

To the Editor:

I would like to thank all of the residents of Rochester who made the extra effort to write in their vote for me for Rochester Memorial School Committee during the April 9 election. I would also like to commend Michelle Cusolito for her well-run and energetic campaign. Had the results of the write-in contest been reversed, I know that she would have served Rochester well. Finally, I encourage all residents of Rochester to feel free to contact me about your concerns and suggestions for Rochester Memorial School.

Sincerely,
Tim Scholz
Rochester

To the Editor:

Each year the second week of April — in 2008 April 13-19 — is dedicated to the men and women who serve as 911 Telecommunications Officers. Not many are aware of Congress' Formal Proclamation in October 1991 to recognize this week as National Telecommunicators' Week.

Those who perform telecommunications duties serve as an indispensable link between the officers, the public and vital support services in the Public Safety community. The communications operators who provide radio, telephone and computer services are to be commended for their dedication and professionalism. Too often the importance of telecommunications personnel goes unrecognized and their services are taken for granted. It is not uncommon for Police and Fire to receive thanks and praise when the public safety telecommunicator sits quietly at their console.

They are the first point of contact with the public's plea for assistance. One call may be just answering a question and the

next call may be the most extreme emergency anyone could face. It takes a special type of person to remain calm when speaking to a screaming mother whose child is not breathing, or to remain calm when a public safety responder is in need of assistance.

Therefore, I offer my thanks and gratitude that they are there to answer the call.

If you happen to see a 911 Dispatcher, let them know how much they are appreciated for the job they do for our community. Having worked among them for over 10 years, I understand their unique capabilities.

Not everyone can do the job that they do each day. They are truly the first responder on the scene of every Emergency. Without them and their ability to do their job as well as they do, it would not be possible for the Public Safety Chain to be complete.

Sincerely,
Tracy Eldridge, Chief Dispatcher

ORCTV, Comcast Sign Agreement

By Kim Miot

ORCTV and Comcast have signed an agreement to house Marion and Mattapoisett's INET hubs at ORCTV's new facility. The agreement also details the plans to connect the facility — The Captain Hadley House — to the system, "lighting up" the tri-town's educational channel 18 and constructing Rochester's government access channel.

It has taken several months to work out the language in the agreement. ORCTV wanted to be sure the tri-towns were protected in the document and that all elements were in place to fulfill each town's complete access channel lineup. On March 26, 2008 all parties agreed to the final parameters and the clock started on the build out specifications.

In the document, Comcast has scoped a 14-16 week time frame on the work to be completed, estimated to be around the end of June 2008. ORCTV is excited to be moving ahead with the plans.

ORCTV moved into the Captain Hadley House in August 2007. They have been working on the facility to develop it into a functioning community access television station that serves Marion, Mattapoisett and Rochester. They completed the studio and edit bays in the fall of 2007. They are now working on the control room and playback systems. Once Comcast connects the facility to the INET system, ORCTV will operate all community access channels from this building. This includes the public channel 9 for all three towns, the educational channel 18 for all three towns, and each town's separate government channel (Mattapoisett will still run its own government channel).

ORCTV will still be able to go live with government meetings in Marion and Mattapoisett as well as

from ORR High School. Rochester does not have an INET system and will not be able to go live but will still have government meetings taped and replayed on their channel.

The education channel is another exciting aspect that will be completed as part of this agreement. Channel 18 has been "dark" all this time. Educational programming has been playing on channel 9 until the educational channel goes online. ORCTV formed an Educational Task Force that includes representatives from each school as well as ORCTV and the teachers from ORR High School that ORCTV funds through a grant. The Task Force has been reaching out to all schools and teachers by providing training and equipment so they can produce program-

ming. It has been successful with many hours of programming being produced. When the new education channel is fully operational, it will be run by the ORCTV-granted teacher position(s) at ORR. The next school year will open up more opportunities to all schools that serve the tri-towns to get trained and produce programming for the channel.

Verizon customers will also be able to connect to the local access channels at the same time that Comcast finishes the work at the Captain Hadley House facility. Verizon and Comcast will reach an "interconnection" agreement for Verizon to take a feed from the Comcast uplink signal, thereby providing the same public, government and education access channels to its customers.

ORCTV is excited to be moving closer to fully operating all the tri-town access channels. They will soon be offering classes in studio production along with current classes in camcorders and editing. ORCTV's website will have updates on these developments as well as membership and class information. Be sure to check them out at **www.orctv.org.**

"I first came to Marion Family Chiropractic because my back and neck were a mess from several car accidents. I can't believe how much **chiropractic care has improved the quality of my life** and how it's had positive effects on other functions in my body, besides being out of pain."
- Jeanne Adams, Plymouth

"My mom wanted me to have my spine checked. I am so happy she did – it makes me feel better, and my swollen gland doesn't bother me anymore."
- Danyel Baker, age 9, Wareham

"My first impression was that **I was not rushed at Marion Family Chiropractic**. The doctors took the time to let me explain why I was nervous, and took into consideration my past experiences when deciding how to adjust me. Overall, they had the patience to take time and listen, and go slow with me. They were very thorough with their evaluation, and also took the time to explain to me about my spine and nervous system. **They put me at ease, and their thorough approach has worked better than anything anyone else has tried**."

Help us preserve the natural beauty of Mattapoisett

For more than thirty years the MLT has worked to protect some of the special parts of the town for the enjoyment of all. During the last five years our all-volunteer organization has increased all of its activities, including land protection, stewardship, environmental education, and community events.

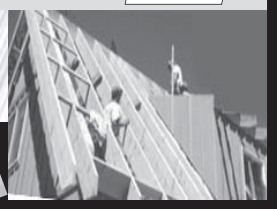

We want to continue, and to expand, our activities, but to do so we need more help. If you would like to commit some time and effort to a local conservation effort, we welcome your involvement. The commitment need not be large,while the rewards can be enourmous.

To learn more about volunteer opportunities, please contact us at info@mattlandtrust.org or leave a message at 774-377-3305. Your contribution will benefit all for years to come.

This summer will mark the 30th consecutive year that students and parents from the tri-town area will be visiting our nation's capitol. The four-day August tour is once again being privately organized by retired teacher Leo Paradis. By visiting Washington's monuments and historic sites, it is hoped that the students will begin to learn a little about our country's 20th century history.

The highlight of the trip will occur on Monday, August 11 at 3:15 pm, when four students will lay a wreath at the Tomb of the Unknown Soldier at Arlington National Cemetery in honor of all members past and present of the Benjamin D. Cushing VFW Post 2425 of Marion. A day at Baltimore's Six Flags America will conclude the tour. For more information about the trip, please call 508-763-4225.

Mattapoisett Woman's Club

The Mattapoisett Woman's Club Scholarship applications have been submitted to all local high schools for Mattapoisett residents. The qualified student must be attending and graduating from either Bishop Stang High School, Old Colony Regional Vocational Technical High School, Old Rochester Regional High School,and or Tabor Academy. The qualified returning student can be either continuing school to pursue a higher level of graduate work or just enrolling in college later in life for the first time.

Each year the Mattapoisett Woman's Club awards three scholarships in the total amount of $2500; two for $1,000 each and a $500 scholarship is awarded to a student returning to college to advance their college career after graduating high school prior to this current 2008 graduating class.

The club's fund-raising events and efforts consist of the "Taste of the Town," pie and bake sales during Harbor Days, the garden tour, and plant sales. It is with these proceeds that the club is able to afford to offer the money raised and award the deserving applicants. They look forward to the new applicants and wish them well in their academic achievement.

If anyone needs an application other than finding those at the high school guidance counselor's office, they may write to the Mattapoisett Woman's Club at P.O.Box 1444, Mattapoisett, MA 02739, or contact someone within the Mattapoisett Woman's Club. The deadline for submitting completed applications is April 28, 2008.

Mattapoisett Tax Bills

The fourth quarter of the 2008 Actual Mattapoisett Tax Bills are due May 1. Tax bills, which included payment coupons for both the third and fourth quarters, were mailed on December 28, 2007. Taxpayers should have retained the fourth quarter payment coupon for payment due by May 1. No other notification will be mailed.

Taxpayers are encouraged to register for making online payments on the eBill website at **www.mcc.net**. By using eBill taxpayers can have their payments withdrawn from their checking or savings accounts through an ACH transaction or can make payments using MasterCard, American Express and Discover credit cards. Payments can be made using eBill until 11:59 pm on the due date of May 1. Taxpayers can also mail payments to P.O. Box 1596 or deposit payments in the mail slot located near the back corner of the Town Hall.

According to state statute, failure to receive a tax bill does not relieve the taxpayer of the requirement to pay the tax bill and any resulting interest if the payment is late. Interest accrues at a rate of 14 percent per annum on bills not paid by the due date. It is the property owner's responsibility to insure taxes are paid on time and in full.

Please call the Tax Collector's Office at 508-758-4100, extension 1 for questions regarding payments. Questions regarding property values, abatements and exemptions should be directed to the Assessors' Office at 508-758-4100, extension 3. The Mattapoisett Tax Collector's Office is open for business Monday through Friday from 8:30 am to 3:30 pm.

Marion Art Center

Dixie Diehards

The Dixie Diehards are coming back to the Marion Art Center on Saturday, April 26 for one performance at 7:30 pm. The group was formed in August, 2006 and is made up of men who are traditional jazz and Dixieland music enthusiasts, many of whom are also members of the long-established Stone Street Strummers Banjo Band. Bill Kiesewetter of Marion plays keyboard with the group.

The Diehards' title derives from the members' long-term appreciation of and devotion to playing traditional jazz music in the style of the early 20th century exemplified by such New Orleans bands as the Original Dixieland Jazz Band, The Dukes of Dixieland and Louis Armstrong's All-Stars as well as Chicago area musicians like Muggsy Spanier and Jimmy McPartland.

Tickets for the event are $8 for Marion Art Center members and $10 general admission. Reservations are recommended by calling 508-748-1266. Tables are available for parties of four or more. The Marion Art Center is located at the corner of Main and Pleasant Streets in Marion, Massachussetts.

Paintings and Textiles

"Paintings and Textiles" is the title of a new exhibition and sale of works by Deborah Baronas at the Marion Art Center which is now on display through May 21.

Deborah Baronas studied painting and textiles at the Rhode Island School of Design where she received her Bachelor of Fine Arts degree in textile design in 1979. During the years that she traveled as a textile designer, she had opportunities to exchange ideas and traditions in surface design with other cultures. Her inspiration in painting comes from her childhood in a farming community in Western Massachusetts. She has found that her ancestral ties to farming the land have brought her to a place in her painting where she works the painted landscape in the way a farmer brings in the harvest. Her painted landscapes on fabric evoke a sense of timelessness, enabling the observer to look beyond the pretty picture.

Deborah Baronas has participated in numerous shows, including a solo exhibition at Nat Porter Gallery in Warren RI in 2007. The exhibition is open to the public Tuesday through Friday 1:00 to 5:00 pm, and Saturdays 10:00 am to 2:00 pm. Admission is free. The Marion Art Center is located at the corner of Main and Pleasant Streets in Marion.

Deadly Dull

By Rob Gonsalves

***Prom Night*. Starring Brittany Snow and Johnathon Schaech. Directed by Nelson McCormick. Running time: 88 minutes. MPAA rating: PG-13.**

Just last month we had *Funny Games*, Michael Haneke's shot-for-shot remake of his own 1997 Austrian thriller. Aside from the cast and a few tiny details, the remake duplicated the original film exactly. On the other end of the spectrum, we now have *Prom Night*, one of a growing number of RINOs. Those aren't Republicans In Name Only (a phrase belonging to political chat, sometimes used to disparage John McCain); they're Remakes In Name Only. RINOs seem especially prevalent in horror — the recent direct-to-DVD "remake" *Day of the Dead* is one such specimen. Aside from the milieu and a very basic similarity in premise — psycho on the loose during the prom — *Prom Night* bears no resemblance to the 1980 Jamie Lee Curtis slasher flick; it simply shares a title.

Not that *Prom Night '80* was a stunning example of the craft, worthy of slavish emulation; nor is it a sacrosanct classic for which the very idea of a remake is blasphemy. Often, fanboys offended by an unsolicited remake of an adored film will say "Why don't they remake a bad movie?" Well, they have remade a bad movie, and the result is a worse movie. This *Prom Night* offers Brittany Snow as Donna, the object of a homicidal science teacher's fixation. This teacher (Johnathon Schaech) invaded Donna's home three years ago and murdered her entire family. He was caught and put away for life, but now he has escaped, and two cops (Idris Elba and James Ransone, both late of *The Wire*) realize he's making a beeline for Donna at that very special night of a high-school girl's life, being held at a fancy hotel ballroom.

Brittany Snow is amiable enough, and was entertaining in *Hairspray*, but Jamie Lee Curtis' slyly self-amused work in the original *Prom Night* isn't threatened by Snow's whitebread hysteria; the scar on Snow's forehead (couldn't that have been written into the script as the result of Donna's previous run-in with the teacher?) has more personality than she does. In the original, someone was picking off everyone else *but* Curtis; here it's all about Donna, and everyone else is just psycho fodder. The implausibilities pile up, but they might be easily ignorable if first-time feature director Nelson McCormick (currently working on a remake of *The Stepfather* — shoot me now) had any aptitude for suspense. As it is, to provide a cheap jump every few scenes, Donna is constantly being startled by things — her aunt, her boyfriend, and even, on one occasion, a lampshade. Ah, yes, that quiet killer the lampshade. This movie truly performs a public service.

Prom Night '80 was full of red herrings and dumb twists, but at least there were *twists*. Not so with *Prom Night '08*, which simply follows the killer through his paces; he's unstoppable, but he's not an evil genius — he just seems to sap the IQ of everyone who crosses his path. This hotel must employ the dumbest maids and bellhops in hotel history. Admittedly I haven't been to a prom in *coughcough* years, but I don't remember them looking like the red carpet on Oscar night, with underclassmen behind the ropes like screaming fans when the seniors stroll into the dance. In 1980 we had disco for Jamie Lee to boogie to; in 2008 we have Timbaland and Britney Spears for the kids to fail to dance to. I don't honestly know which is worse — it's rotten apples and rotten oranges.

Prom Night: '08 Megamix kept me amused with the following: the casting of *Blair Witch* veteran Joshua Leonard (who's been working steadily all these years, not that you probably noticed) as The Moronic Bellhop; the casting of James Ransone, whom I vividly remember graphically pleasuring himself and then killing his grandparents in *Ken Park*, as a detective — yes, a *police* detective; Mary Mara as a lesbian gym teacher (all female gym teachers in movies are lesbians); and the climax's shameless steal from the Lecter-evades-SWAT-team sequence in *The Silence of the Lambs*, right down to the corpse springing down from the ceiling. I guess it's true; this killer makes everyone around him stupid, including SWAT guys and possibly the teen audience who made this a #1 hit to the tune of $22 million.

Deaths

Ellin DiCarlo Farmer went home to her Lord Jesus on Sunday, April 6, 2008, in the presence of her loving husband, Michael Farmer. After a long and courageous battle with cancer, she passed peacefully in their home in Prescott, AZ.

Ellin was born on January 15, 1947 in Newton, MA to John and Josephine (Kelly) DiCarlo who preceded her in death. She was the devoted sister to Bernadette Borelli and cherished aunt of Michelle Chisafideis, Christopher Borelli, John Samuel Borelli and Noelle Borelli.

Ellin will be dearly missed by her family and friends. All who knew her will remember her sparkling personality, her smile and hear her laugh and think of all those she touched with her great enduring love, faith in God and joy of life.

A Memorial service will be held in Arizona on May 3, 2008. A celebration of her life will be this summer in Mattapoisett, MA at her favorite beach for her family and friends on the East Coast. Ellin's love of the seaside often brought her back there to enjoy family, friends and to feel the summer breezes and hear the crash of the waves on the beach.

Heritage Memory Mortuary assisted the family with arrangements.

SALOME'S STARS

ARIES (March 21 to April 19) A little woolgathering is OK. But don't let that dreamy state linger beyond midweek, when you'll want to be ready to take on new workplace responsibilities.

TAURUS (April 20 to May 20) Love rules the week for single Bovines seeking romance. Attached pairs also find new joy in their relationships. Friday should bring news about a business opportunity.

GEMINI (May 21 to June 20) Home becomes the center of a new social whirl, as you show your talent for hosting great parties. You can expect to impress a lot of people who've never seen this side of you.

CANCER (June 21 to July 22) The Moon Child might have to raise those powers of persuasion a notch to get a still-wary colleague to agree to go along. Finding more facts to back up your position helps.

LEO (July 23 to August 22) Hold off trying to fix the blame for an apparent mishandling of a work situation. A full investigation could reveal surprising facts on how and why it really happened.

VIRGO (August 23 to September 22) Your ability to find details others might overlook gives you an advantage in assessing a possibly too-good-to-be-true offer. A trusted colleague has advice.

LIBRA (September 23 to October 22) Expect to be called on once again to act as peacemaker in a long-simmering dispute that suddenly flares up. Offer advice, but be careful to stay out of the fray.

SCORPIO (October 23 to November 21) Your organizational skills help you line up your priorities so that you get things done without added pressure. The weekend could hold a special surprise.

SAGITTARIUS (November 22 to December 21) New ventures are favored. But don't launch yours before rechecking all facts and sources. Also, be sure you can rely on support from certain people.

CAPRICORN (December 22 to January 19) Don't be pushed into renegotiating an agreement, even though it might help avoid a potential impasse. Get legal advice before you sign or agree to anything.

AQUARIUS (January 20 to February 18) Helping others is what Aquarians do so well. But this time, someone wants to help you. Expect to hear some news that will both surprise and delight you.

PISCES (February 19 to March 20) Things go so swimmingly that you're tempted to take on more tasks. Best advice: Finish what you have now, then enjoy a well-earned relaxing weekend.

BORN THIS WEEK: Your understanding of human nature helps you make wise decisions that are appreciated by all. You would make a fine judge.

were inducted into the Mattapoisett Lions Club during a ceremony held at the Mattapoisett Chowder House. After the three new members — Dr. Thurston Bonney, John Holland and Ashley Hughes — were inducted by Past District Governor Donald Correia, they, along with all present, enjoyed an excellent presentation about myriad duties of the Plymouth County Sheriff's Department by Deputy Sheriff Lisa Budge Johnson.

Lions Club President Steve Magyar also presented Kelley Zucco of the Showstoppers with a check representing the $1,415 proceeds from the recent Lions Pasta Dinner organized to help the Showstoppers raise funds to travel to Disney World where they have been honored with an invitation to perform.

"As Lions clubs members, we are dedicated to serving the community," Mr. Magyar said. "Here in Mattapoisett we wanted to share our spirit of volunteerism and that of our mission, 'We Serve,' with our newest members so that they would feel the pride of what it means to be Lion."

The Mattapoisett Lions meets on the second and fourth Wednesday of the month at the Mattapoisett Chowder House in Mattapoisett. Lions clubs are a group of men and women who identify needs within the community and work together to fulfill those needs. The Marion Fire Fighters Association is currently working with TelAmerica on two projects over the coming weeks. A telemarketing campaign is currently underway to solicit support for this worthwhile community effort. The first project is a *Fire Safety Guide* that will be ready for distribution, free-of-charge, in June. The second is a comedy show titled "Comedy Caravan" to take place on June 20 at 8:00 pm at the Wareham Elks Club. Proceeds from both projects will help the association in its support of the Marion Fire Department, as well as fund local scholarships. Marion Residents in Marathon

On Monday, April 21 runners Julie Fogarty and Gary Sousa from Marion will be running in the 112th Boston Marathon to save lives through the 19th annual Dana-Farber Marathon Challenge (DFMC). These Marion residents, along with DFMC teammates from across the United States as well as other countries, will run Massachusetts' historic marathon route from Hopkinton to Boston to raise $4.5 million for cancer research. By raising a minimum of $3,000 each to receive an invitational entry to this prestigious race, DFMC runners are funding the Claudia Adams Barr Program in Innovative Basic Cancer Research at Dana-Farber Cancer Institute in Boston.

Since the DFMC's inception in 1989, the runners have raised more than $34 million for the Barr Program. The program was founded in 1987 by Dana-Farber trustees and Jacksonville Jaguars principal owners Wayne and Delores Weaver to honor Mrs. Weaver's mother who lost her battle with cancer 30 years earlier. In 1990, Dana-Farber was among the first charity organizations to be given official marathon numbers by the Boston Athletic Association (BAA). This year, 21 charities benefit from the BAA's charity program. The Dana-Farber Marathon Challenge features training guidance from Jack Fultz, the 1976 Boston Marathon men's champion, plus team training runs, extensive fundraising support, and volunteer opportunities for non-runners.

To contribute to the Dana-Farber Marathon Challenge, go online to **www.rundfmc.org** or contact the DFMC office at 617-632-1970 or **dfmc@dfci.harvard.edu**.

Rochester Rower Competes

Mary-Patrice Ruocco, a Rochester resident, will be part of the first U.S. Woman's team to compete in the World Pilot Gig Championship held the first weekend in May at the Isles of Scilly, UK. The annual competition draws rowers from the UK, Holland, France and as far away as Australia. However, until this year, there has never been a U.S. Woman's team in the event.

The races take part over three days. There is a 2.5-mile initial race Friday May 2, then a series of one-mile races with the finals taking place on Sunday May 4. The contest is on open water, three miles offshore and takes place in almost all weather conditions. Pilot gigs are 32-foot long wooden boats with six rowers and a cox-swain. They were traditionally used to row harbor pilots out to arriving ships in the ocean waters off the southwest

ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

I found the Aardvark!

Each week we will give away an Aardvark Gift and each month we give away a special Aardvark Gift Basket to one lucky person. All you have to do to enter is find the Aardvark! The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

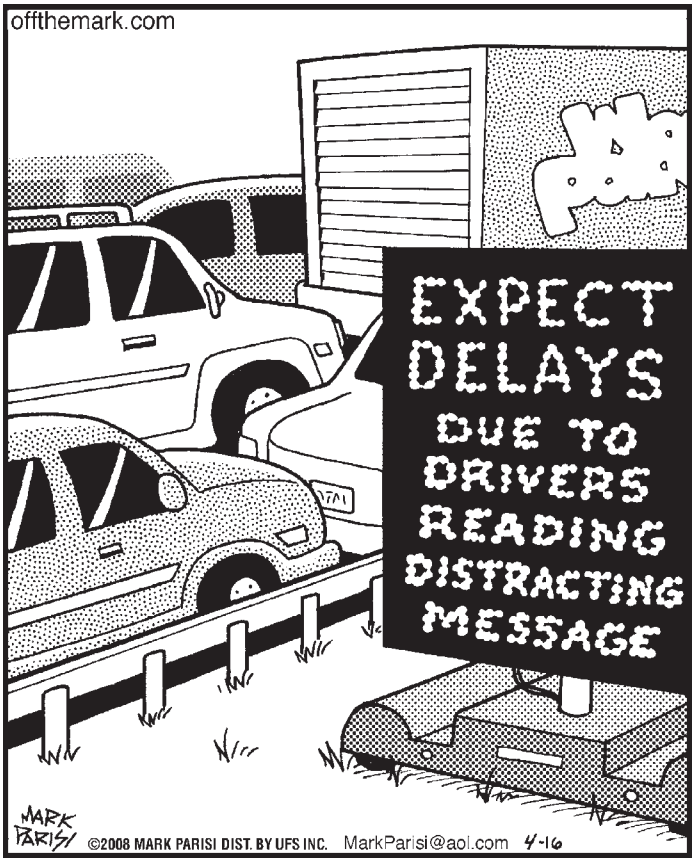

The winner will be selected from all the correct answers picked by the deadline and the prize will have to be picked up at our office. Only one entry per household per issue please.

To enter, simply find the aardvark in this issue, then go to our web page and select the link "I Found the Aardvark" entry page.
